Nationality: Canadian
 DOB: 21.4.64
 Phone: (954) 892-3603
 Email: sandra@sandrafieger.com
 CV and references: <http://www.sandrafieger.com>

Summary and Objectives:

- ❖ A full time, long term and challenging **mate and/or 2nd engineer** position to contribute current skills and abilities, and advance to higher levels of duty and responsibility.
- ❖ Ideally, owners who encourage loyalty and advancement; a captain who is willing and able to provide hands-on practical knowledge and experience about all systems and operations, including engineering. For this, I bring to the table experience as mate, deckhand, engineer (or assistant) *and* a keen desire to learn more.
- ❖ In brief, I am a hard working team player, provide dependable and enthusiastic service, am versatile, responsible, resourceful and have a fun and pleasant disposition. My preference is being involved and contributory to all aspects of yacht operations. I am looking for owner/captain compatibility. More than "a job", more than "a boat", more than "a season"; I have identified the kind and quality of environment in which I excel – *and can give* – the most.

Qualifications and Education:

Over **24,000 logged miles** at sea, both power and sail, **400+** actual days at sea, **watchkeeping** day and night

RYA/MCA **Yachtmaster Offshore**, commercially endorsed (**200 ton** master), RYA/MCA Day Skipper SAIL
